

# FREE YOURSELF FROM IT BALLAST

ITpoint's flexible, modular ORIA Prime Managed Services help you improve the cost-benefit ratio of your IT spending to your advantage.

ORIA means a great relief for you. With ORIA Prime Managed Services, the ITpoint team takes over and guarantees operation, support, maintenance and administration of your complete IT or parts of it on your behalf. Very flexibly scalable, stable and absolutely cost transparent. This frees up financial and human resources that you can invest more productively in your core business.

**90**  
employees

**100**  
operating  
contracts

## ORIA – SWISS ENTERPRISE CLOUD MODELS

With the ORIA Cloud elements you process and store your data and applications in Switzerland. Guaranteed and monitored around the clock. You can trust in the reliability of these basic cloud models:

- ✓ Shared Cloud
- ✓ Private Cloud
- ✓ Hybrid Cloud

The enterprise Cloud models in georedundant Swiss data centers are designed according to proven Cloud reference architectures and best practice standards. ORIA is 100% compatible with Office 365 and other Cloud services. Beyond that, our ISO 20000 certified, award-winning\* ITpoint Service Management takes effect. Personal, competent, transparent.

\*Service Management Switzerland Award 2018 of the Service Management Forum Switzerland (smfs.ch)
